-Bloomfield Council No. 36, Order of American Firemen will meet on Wednesday evening, May 9th, at 8 P.M., at the house of Essex Hook & Ladder Co. No. 1. All members are requested to be present for the transaction of important business. The committee on entertainment of above council will meet on Monday evening May 7th, at 8 P. M. at the Truck House.

-The Health Board met on Wednesday evening. Samuel Baxter, the clerk of the Board called attention to complaints that had been made to him, the principal one being about the ditch that runs from Washington street west of Thomas to the Glenwood avenue bridge. The clerk was instructed to notify the property owners to have their ditch clear of all

-A stabbing affray occurred on the corner of Bloomfield avenue and Orange St. on Sunday night. Two negroes, named Claude L. Dodd and Lewis Lambert, quarreled about a young lady named Lizzie Jackson. Dodd beat Lambert's head with a stone and the latt rent the former with a knife. All the parties in the affray, including women, were arrested by the police on Monday and committed to await the action of the Grand Jury

-There is considerable difference of opinion with regard to the boundary line | home cannot do better. between the townships of Bloomfield and Montclair. It is asserted by many old residents that the major portion of the handsome residence recently erected by Mr. George Innes, is on Bloomfie'd property. The Road Commit ee are instructed to have the Township Snrveyor go over the boundary line in order to definitely settle all disputes.

-John Kuhr and John Felch, two iron moulders employed in Donnelly's Iron Foundry, left very suddenly last Saturday night. They gave no intimation to their shop-mates that they were going to loave. Kuhr told his wife that a relative had died in Germany and that he was going to that country to settle up the estate and get his share of it. Both men bought considerable jewelry from an agent selling on the instalment plan. Their friends surmise that they have gone west,

-A meeting of the Board of School Trustees was held on Fuesday night. The Committee appointed at the mass meeting held in Berkeley School on the 18th of last month was present, and laid before the Board the conclusions arrived at in that meeting. After the Committee retired, the matter was discussed at length by the Board, and on motion of Trustee Pilch was referred to the Committee on Buildings, consisting of Tructees Samuel Peloubet and A. H. Edgerly.

-President Battin of the Essex Passenger Railway, having failed to put in an appearance as yet, in regard to the matter plan to present to the court for of raising the tracks on Bloomfield aveunder the new temperance | nue, the Town Committee will probably order President Eppley to raise them to suit the grade of the new railway. This may have the effect of bringing the apparently indifferent Mr. Battin here with a force of men to resist any such arbitrary measures. There may be lively times in

-Mrs. James McCormick a well-known resident of Bloomfield avanue, met with a very painful accident in a singular manner on Wednesday morning. In closing the outer door of her residence the knob suddenly came off, she was standing on a very high stoop at the time and losing her balance was precipitated to the ground, cutting a deep gash in her head. Dr. J. Edward Stubbert was summened and sewed up the wound. Her advanced age makes her condition very precarious.

On Sunday, April 22d, Mr. Robert Edmiston walked from Bloomfield to Perth' Amboy, and after relishing a hearty dinner at the Packer House, returned to his home on foot. The total distance covered was about 46 miles, which was walked in about 10 hours and forty minutes Some dogs in Union County mistook Mr. Edmiston for a tramp, and honored him with every attention which canine etiquette accords to the fraternity. Apart from this circumstance the trip was very enjoyable.

-The baseball season in Bloomfield was opened on the Watsessing grounds last Saturday, by a game between the Y. M. C. A. nine and the Watsessing Club. It was anticipated by the spectators that the former club would be overwhelmingly defeated, as the Watsessing team was at one time a club of some repute among amateur nines. Contrary to expectations however, the game was a very close one. The Y. M. C. A. boys played good ball, while the Watsessing nine excused their poor playing ander the plea of lack of interest. The indifference to the result, manifested by the latter club, is much regretted by those who have taken an interest in its organization and contributed of their means to its equipment. If the pennant is to be taken from Montclair and Roseville, there will have to be a decided improvement is the playing. The Y. M. C. A. team gives bright promise of doing some good playing before the sea-

-There was a slim attendance at the Party Primaries held last Monday night. Mr. C. H. Halfpenny presided over the Republican meeting held in Dodd's Hali and Mr. H. B. Davis acted as secretary. The following delegates to the State Convention were chosen: Thomas Oakes, A. G. Darwin and Theodore H. Ward. To the District Convention: W. S. Freeman, William R. Rawson, John R. Wilde, Allan Andrews, T. E. Hayes, Dr. W. H. Van Gelson and Spencer Hall. Mr. Thomas McGowan, who placed the names of the last mentioned delegates in nomination, called attention to the preponderance of the younger element in the Republican party among them, and expressed himself as favorable to pushing the young men to the front at every suitable opportunity. The Democrats who met in the American House, selected the following gentlemen to represent them at Trenton; William B. Courter, Edwin A. Raynor and

W. A. Akers. -Mrs. Ar hibald Moore, whose death is noticed in another column, was for nearly fifty years a resident of Montelair and Bloomfield and leaves warm friends among the older residents of both places. Her husband exchanged the farm through which Usborn st. is located for property in Wisconsin and the family moved there This court reserved decision in 1861, because of his failing health, and where he died of pneumonia in 1882. In

her early years she united with the Methodist Church of Montclair and since then has been an earnest Christian. She was a devoted wife, a loving mother, one of the kindliest of neighbors and in her | road construction. Also to advertise for western home was held in the very high-

est esteem. Of the family remaining are a son with whom she made her home, Mrs. J. Banks Reford and G. Theron Moore of this village and Mr. H. M. Downs now residing at Troy N. Y. This bereavement is the more keenly felt by her friends of this vicinity as it was expected she would spend the coming summer with them. Her memory to those who new her is blessed with the fragrance of kindly deeds, lovingly and quietly done.

Town Committee.

The Town Committee transacted an un usual amount of business at their regular meeting on Wednesday night. A petition from residents in the vicinity east of Franklin street and west of the canal was read, requesting that gas lamps be erected in that portion of the town. This was followed by a more elaborate and extensive petition from residents of Baldwin street and Ridgewood avenue, demonstrating the benefits and advantages, financial and otherwise, that would naturally accrue to the townsnip by a liberal expenditure of township funds in making good gravel roads in that vicinity and lighting the streets with gas. Fair View was re-presented by a delegation of its prominent citizens, Charles Pilger, representing the Improvement Association, stated that the officials of the East vrange Water Company had expressed their willingness to lay water-mains in Berkeley and Newark avenues, provided that the Town Committee would order the erection of a hydrant at the corner of Newark and Berkely avenues, and one at the canal bridge. Mr Pilger set fourth the necessity of having this, as the houses in that vicinity were without protection in case of fire, as had been recently proved. A petition for gas lamps on Berkely avenue was sent in. The property owners on Hillside avenue want four gas lamps on that thorough-fare and a good road bed of gravel laid.

Applications for flag sidewalks were re-ceived from Andrew Ellor and C. F. A.

Hendricks, Dodd street; J. Cadmus, J.

B. Harvey, Catherine E. Martin, A. H.

Greenwood, all of Bloomfield avenue. The Road Committee were instructed to advertise for bids for broken stone to be used for road repairs, and gravel for

sealed proposals for the construction of 1,700 feet of stone road bed on Belleville Superintendent Causbrook, of the Gas ompany, requested instruction about the ocation of the new lamps on Prospect St. .Chief Engineer Johnson in his report to the Fire Committee states that the De-

partment has a membership of 133, including officers. 92 of these are permanently employed about the town. The Department possesses 2,350 feet of hose, 2,000 feet : which is in good condition. Also 250 feet of 2 inch hose, and 3 hosecarriages. Chief Johnson sent in the name of Samuel W. Sabin, as first assist-

ant engineer. The Town Counsel was asked what setlement had been made about the question raised by Ex-Chief A. J. Marsh. Counsel replied that the whole matter had been carefully investigated and in his opinion the appointment of Mr. Johnson was perfectly legal. The appointment of Mr. Sabin was then approved. The appointment of a second assistant was teferred until the next meeting. The Town Clerk was instructed to notify Mr. Marsh to turn over to the Fire Committee all property of the fire department now in

his possession. A communication signed A. J. Marsh, Chief of Fire Department, was read, in which the clerk was respectfully requested to furnish the subscriber with certain information concerning the department. This was regarded as a personal matter between Mr Marsh and the clerk. The Township Surveyor was instructed to make profile maps of Beach street and East Park Place.

An order for \$540 was drawn, payable to the Bloomfield Cemetery Company, in order to secure the lot recently purchased for a Soldiers' Burial Plot. The Glen Ridge Quarry & Mining Co. were paid \$500 on account for work done

on Prospect street. The quarterly bill of the Montclair Gas Company, amounting to \$1,310, was ordered paid. Gas bills amounting to \$89 for gas consumed in the Phoenix and Excelsior Hose Houses and Essex Truck Company's rooms, were paid. James Foster, Theodore Harvey and Benjamin F. Baldwin were paid for services rendered as policemen

Mr. Shibley of Belleville avenue, made complaint to the Committee that William Colfax's wagon freq ently blockades the sidewalk on Belleville avenue near Broad street, and that a large amount of rubbish was thrown on the street from Mr. Col-

-The Woman's Auxiliary will hold its regular monthly meeting next Monday af-

-The members' meeting last Friday evening was probably the most enjoyed (by those present) of any the Association has ever hold. The reports were the best since organization.

-Rev. Mr. Gardner, the returned upn's meeting as present and speak this Saturday evening from 8 to 9 o'clock. Not only this interesting feature is promised, but Mr. Bliss, of Montelair, will accompany the music with his cornet. Mr. Bliss has added much to the meetings in the last few weeks.

A Grand Time for Bargains.

Another opportunity for our readers to supply themselves with seasonable merchandise at sacrifice prices, is offered by that industrious concern known as

THE NEWARK BEE HIVE. They are a little depressed by the uncertainty of the weather, and are therefore trying to shape things up a bit; that is trying to make things look as they ought to look at this time of the year. To attain this they are sacrificing prices, and it is well known that sacrifice at the BEE HIVE means Sacrifice with a very big S.
